

CONFERENCE 2010

23 – 24 September 2010

A dedicated conference for internal auditors and risk assurance professionals in the financial services and insurance industry

Fit for the future

The IIAG is a special interest group of the Institute of Internal Auditors – UK & Ireland

The IIAG - the leading industry group for risk and assurance professionals - looks forward to welcoming you to its 6th conference at the prestigious Hanbury Manor in Hertfordshire

When being 'fit for purpose' seems inadequate, internal auditors and risk practitioners must re-examine more critically their approach and ability in supporting the board and management as they steer the business ahead – strategically and operationally fit for the future.

Join industry-leading speakers from the FRC, FSA and the ABI, as well as leaders in governance, risk, regulation and management assurance to discuss the new challenges facing our industry and raising of the bar for our profession.

Supported by:

MOORE STEPHENS

Take advantage of early bird booking discounts by 13th August 2010

Programme Outline

23 - 24 September 2010

Hanbury Manor

A detailed programme will be published by the end of August

Day 1 Thursday 23 September

- Fit for the future – the regulator’s perspective
- Hear from the FRC on corporate governance in the new order – a review of the new UK Corporate Governance Code, ethics and a look at the changing rules in the boardroom
- Future of the insurance industry – a critical review and update from the ABI
- Assurance – when good is not enough – a view from an Audit Committee Chair
- Hiding behind the independence veil – a cutting edge discussion on the profile of the internal auditor
- Syndicate breakout groups to discuss topical areas of development – suggested topics to include evolving internal audit under Solvency II, continuous assurance, embedding culture, ethics and competence, and outsourcing risks
- Conference Dinner

Day 2 Friday 24 September

- Gearing up for the future – a strategic update from the IIA President
- Tales of the Unintended – a behavioural scientist looks at changing behaviours to prevent control failure
- Mergers, acquisitions and restructures – expected impact of current regulation on consolidation
- Breaking the hegemony of regulatory capital – provocative challenge of the focus on capital
- Plenary discussion: Shrinking violet – is Internal Audit less sexy than Risk?
- Closing Lunch

Venue: Hanbury Manor, Ware, Herts

Excellent golf and spa facilities. Discounts available for additional nights required by delegates. Information will be posted on the IIAG website.
